Certain areas may have low to moderate level security issues due to the risk of terrorism threat, but generally have minimal physical impact on individuals and organizations. Criminal occurrences are frequent in many U.S. cities, and tourists may be targeted. The U.S. national current threat level is ELEVATED (Yellow). For all domestic and international flights, the U.S. current threat level is HIGH (Orange).

Security

Passport theft is on the rise in the United States. Travellers should ensure that their travel documents are secure at all times. In addition, make two photocopies of valuables such as your passport, tickets, visas and travellers\' cheques. Keep one copy with you in a separate place to the original and leave another copy with someone at home. While travelling, consider these important recommendations: - Do not leave your door open at any time.- Avoid wearing expensive jewellery and carrying valuable items in run down areas.- Do not sleep in your car by the roadside or in rest areas.- Avoid leaving items on display in cars.- Try to stay on main roads and use well-lit car parks.- If hit from behind while driving, indicate to the other driver to follow you to a public place and call 911 for Police helpIf you are entering the United States by personal automobile, you should check with your insurance agent to verify that your existing coverage is valid or sufficient for the areas you will be visiting and for the duration of your visit. Many states have mandatory automobile insurance requirements, and many require motorists to carry appropriate proof of insurance. Each state’s motor vehicles department can give you more specific information. Never cross the border with a hitchhiker or as a hitchhiker. Though you may not be carrying anything illegal, your companions might be and you could be implicated.Be equally careful about who and what you carry in your vehicle. As the driver, you could be held responsible for the misdeeds of your passengers, even if committed without your knowledge or involvement.Immigration regulations are strictly enforced. Overstaying can result in detention then deportation. Getting around American Samoa is more difficult - public buses are cheap but service only the main routes between Pago Pago and the airport on a regular basis. Unfortunately there are no tours on American Samoa so to get to the best sights around the island you will need to hire a car.Tidal changes can cause powerful currents in the many coastal lagoons that surround the islands, and several fatal swimming accidents are recorded each year. Consult local residents and tour operators for information on possible hazards and on safe swimming areas.
